

## HOUSE BILL NO. 8

INTRODUCED BY W. MCNUTT

BY REQUEST OF THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION AND THE  
OFFICE OF BUDGET AND PROGRAM PLANNING

A BILL FOR AN ACT ENTITLED: "AN ACT APPROVING RENEWABLE RESOURCE PROJECTS AND  
AUTHORIZING LOANS; REAUTHORIZING RENEWABLE RESOURCE PROJECTS AUTHORIZED BY THE  
60TH LEGISLATURE; APPROPRIATING MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND  
CONSERVATION FOR LOANS UNDER THE RENEWABLE RESOURCE GRANT AND LOAN PROGRAM;  
AUTHORIZING THE ISSUANCE OF COAL SEVERANCE TAX BONDS; AUTHORIZING THE CREATION OF  
A STATE DEBT AND APPROPRIATING COAL SEVERANCE TAXES FOR DEBT SERVICE; PLACING  
CERTAIN CONDITIONS UPON LOANS; AND PROVIDING AN EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

**NEW SECTION. Section 1. Approval of renewable resource projects and authorization to provide loans.** (1) The legislature finds that the renewable resource projects listed in this section meet the provisions of 17-5-702. The department of natural resources and conservation is authorized to make loans to the political subdivisions of state government and local governments listed in subsection (2) in amounts not to exceed the loan amounts listed for each project from the proceeds of the bonds authorized in [section 3].

(2) The interest rate for the projects in this group is 4.5% or the rate at which the state bonds are sold, whichever is lower, for up to 20 years.

Loan	Amount
------	--------

**BITTER ROOT IRRIGATION DISTRICT**

Bitter Root Irrigation District Siphon 1: Phase 1	<del>\$473,000</del> <u>\$508,370</u>
---	---------------------------------------

**DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION - WATER RESOURCES DIVISION**

Ruby Dam Rehabilitation Project	\$2,000,000
---------------------------------	-------------

Deadman's Basin Terminal Outlet Replacement Project	\$400,000
---	-----------

**NEW SECTION. Section 2. Projects not completing requirements -- projects reauthorized.** (1) The

legislature finds that the following renewable resource projects that were approved by the 60th legislature in Chapter 364, Laws of 2007, may not complete the requirements necessary to obtain the loan funds prior to June 30, 2009. The projects described in this section are reauthorized. The department of natural resources and conservation is authorized to make loans to the political subdivisions of state government and local governments listed in subsections (2) and (3) in amounts not to exceed the loan amounts listed for each project from the proceeds of the bonds authorized in [section 3].

(2) The interest rate for the ~~project~~ PROJECTS in this group is ~~4.5%~~ 3% or the rate at which the state bonds are sold, whichever is lower, for up to 20 years.

~~(3)~~(4) The interest rate for the project in this group is 4.5% or the rate at which the state bonds are sold, whichever is lower, for up to 30 years.

Loan	Amount
------	--------

#### SUNSET IRRIGATION DISTRICT

Gravity Flow Irrigation Pipelines	\$1,465,266
-----------------------------------	-------------

NEW SECTION. Section 3. Coal severance tax bonds authorized. (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 7]. The board

1 of examiners is authorized to issue coal severance tax bonds in an amount not to exceed ~~\$9,635,920~~  
2 \$13,158,795, of which ~~\$4,910,266~~ \$7,973,636 is to be used to finance the projects approved in [sections 1 and  
3 2], \$3,468,795 is to be used to finance additional loans in lieu of grants listed in House Bill No. 6, and up to  
4 ~~\$1,256,859~~ \$1,716,364 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated  
5 to the department of natural resources and conservation for financing the projects identified in [sections 1 and  
6 2] and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate  
7 borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in  
8 which case the rate must be reduced to the rate specified by the legislature.

9 (2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the  
10 principal and interest on the bonds when due from the debt service account and in all other respects manage and  
11 use the funds within each special bond account for the benefit of the bonds. The board of examiners shall  
12 exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial  
13 arrangements for the state.

14 (3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service  
15 account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must  
16 be allocated to the renewable resource grant and loan program state special revenue account.

17 (4) Loan repayments from loans financed with coal severance tax bonds are pledged, dedicated, and  
18 appropriated to the debt service account in the state treasury for the benefit of bonds approved for loans under  
19 this section.

20  
21 **NEW SECTION. Section 4. Conditions of loans.** (1) Disbursement of funds under [sections 1 through  
22 7] for loans is subject to the following conditions that must be met by project sponsors:

23 (a) approval of a scope of work and budget for the project by the department of natural resources and  
24 conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

25 (b) documented commitment of other funds required for project completion;

26 (c) satisfactory completion of conditions described in the recommendations section of the project  
27 narrative in the renewable resource grant and loan program project evaluations and recommendations report for  
28 the biennium;

29 (d) execution of a loan agreement with the department; and

30 (e) accomplishment of other specific requirements considered necessary by the department to

1 accomplish the purpose of the loan as evidenced from the application to the department or from the proposal to  
2 the legislature.

3 (2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay  
4 to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the  
5 department to complete the loan transaction.

6  
7 **NEW SECTION. Section 5. Private and discount purchase of loans.** Loans to political subdivisions  
8 and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made,  
9 purchased by, and sold to the department of natural resources and conservation at a discount and at a private  
10 negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local  
11 government entities.

12  
13 **NEW SECTION. Section 6. Appropriations established.** For any entity of state government that  
14 receives a loan under [sections 1 through 7], an appropriation is established for the amount of the loan upon  
15 award of the loan by the department of natural resources and conservation.

16  
17 **NEW SECTION. Section 7. Creation of state debt -- appropriation of coal severance tax -- bonding**  
18 **provisions.** (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members  
19 of each house is required for enactment of [section 3].

20 (2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the  
21 members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution,  
22 pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment  
23 of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to  
24 be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the  
25 general resolution for this bond program that has been adopted by the board of examiners under the authority  
26 provided in Title 17, chapter 5, part 7.

27  
28 **NEW SECTION. Section 8. Severability.** If a part of [this act] is invalid, all valid parts that are severable  
29 from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part  
30 remains in effect in all valid applications that are severable from the invalid applications.

3 - END -
